## FOREWORD

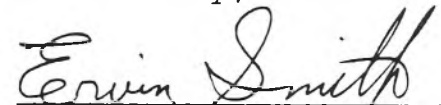

Welcome to the amazing and wonderful world of NATIONAL TOURNAMENT POOL CHECKERS. All games recorded here were played in APCA National Tournaments. By studying these games, you will most assuredly improve your own game. Make notes and try to determine when and why games were lost or where drawn games may have been won. Go over games with players in your area. This is an excellent study resource.

Games here are indexed by number and first move, and roughly by rank order of players as determined by their order of finish in the most recent National Tournaments. APCA Tournament divisions are as follows from highest to lowest: Top Masters(TM), Masters(M), Junior Masters(JM), Gold Bar(GB), and Blue Ribbon(BR). The location and results of each game are indicated on the third line following the number of the game. RW indicates Red Wins; WW indicates White Wins. In all games the Red side moved first. Each game is pictured after the 15th move unless otherwise indicated.

Some end game problems have been included for you to improve your end game skills. Space has been provided for you to note solutions. If you are stumped on any game or end game problem, consult higher level players in your area, call one of our national consultants(listed in this book), or call or write me.

Best wishes for improved play and a higher finish in all your future tournaments.

Yours truly,

Dr. Ervin Smith, President  
American Pool Checker  
Association  
October, 1990
