## FROM THE OFFICE OF THE PRESIDENT

### Foreword

Welcome again to the amazing and wonderful world of National Tournament Pool Checkers. Games in this expanded edition were played and recorded during the 31st Annual National Tournament (July 15-19, 1996) at the Holiday Inn - Houston Intercontinental Airport, 15222 John F. Kennedy Boulevard, Houston, Texas. Houston lived up to its reputation of bigness in attractions, food, and hospitality. Seeing the Astros Baseball Team, The Space Center, the famous Galleria Shopping Mall, and eating the famous Texas barbecue along with other great food thrilled many of our players, their family members and friends during our week long stay in this great city. We are forever grateful to Jackie B. Carr, Mathew Fleming, and all the Houston Club and Supporters for the great accommodations, entertainment and hospitality we experienced in Houston. The Holiday Inn staff was most gracious in serving us.

By studying these games, you most certainly will improve your own game. Make notes and try to determine when and why games were lost and where drawn games may have been won. Go over games with players in your area.

Games here are indexed by number and first move, and roughly by rank order of players in the division of play. APCA Tournament divisions are as follows from highest to lowest: Top Master(TM), Masters(M), Junior Master(JM), Gold Bar(GB), and Blue Ribbon(BR). The results of each game are indicated by BW for Black Wins; WW, White Wins. BA or WA in games submitted by the national champion indicates an "Advantage" for Black or White, but not necessarily a win, though you are encouraged to study the games so designated for a more definite conclusion: win or draw. In all games the Black side moved first. Each game is pictured after the 15th move unless a decision was reached earlier in which case the game is shown as it appeared on the last move recorded.

## A CHECKERS BIOGRAPHY OF THE NATIONAL CHAMPION

East Point started playing checkers at the tender age of 10. At age 14, he gained reputation as the best player in his hometown of East Point, Georgia. In these early years East Point achieved checkers distinction without the benefit of tutoring, checker materials or checker books. He did not begin the study of checker books until the age of 26. However, once he began a serious study of the game, it became common for him to spend up to 6 hours a day mastering the basics and the intrigues of American Pool Checkers. Actually, East Point sincerely hoped for the same type of monetary rewards for mastering checkers as evolved in chess, though this has yet to materialize.

East Point began playing nationally at the Top Master level in the 1974 national tournament in St. Louis, Missouri. In 1976, he finished 10th in the Top Master division. His tournament achievements since that time are as follows: 1978-3rd; 1979-4th with Carl Smith; 1980-5th with Carl Smith; 1981-1985(did not compete); 1986-10th; 1987-2nd; 1988-3rd; 1989-2nd; 1990-3rd; 1991 and 1992(did not compete); 1993-2nd; 1994-2nd; 1995-National Champion with Elton Williams; and 1996-National Champion.

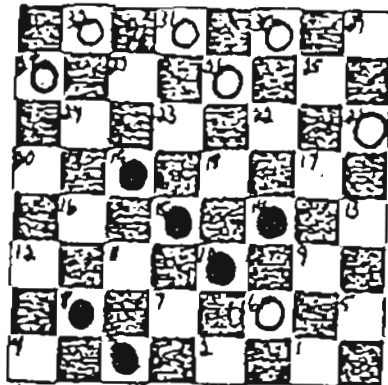

Locally, he has won the Georgia State and The Atlanta City Tournaments more times than any other player in the history of those tournaments.

In this expanded tournament edition you will see many of the spectacular games of this Great Top Master Champion. East Point has truly mastered the art of American Pool Checkers. His analytical skills are patient, deep, risk-taking, and successful. Those working through his games here will truly experience the joys of the amazing world of American Pool Checkers. Many of the game plans, shots and endings are simply fantastic and constitute an unmatched gift to our checker community. In these games and in his tournament achievements these past two years, East Point now challenges all checker players to a higher standard of success and dares other Top Masters to take his crown.

# THE SPECIAL\* 3 KINGS VS 1 KING\*THE SPECIAL THREE QUEENS WERE CHASING A BACHELOR KING

By Louis S. Rabin. (Cleveland, Ohio)

Three Queens were chasing  
A Bachelor King.  
They chased him across  
And around the ring.

They tried to capture  
Him, much too long.  
The things they've done  
Were utterly wrong.

A Queen complained:  
"What's that Special?"  
And chased him on  
And off the trestle

One said, "Now,  
It is a cinch"  
Indeed, she came  
Within an inch.

Each had a wishing  
Impulsive id,  
But they didn't know  
The riddle of the Pyramid

They prayed and searched  
For a winning angle  
But couldn't think  
of a Triangle.

The King was fast,  
Alert and groovy;  
This chase would make  
The craziest movie.

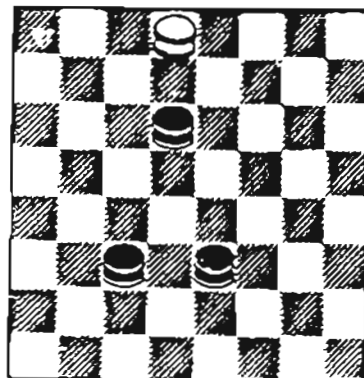

At this writing,  
I know you'll get it.  
The three Dames  
Are still at it.

One came so close  
She cried: "I'll fetch'm"  
But don't believe it;  
She'll never catch-m.

It's plain, the King  
They won't entangle.  
For they haven't learned  
Petrov's Triangle

## THE AMAZING SPECIAL THREE KINGS TRAP ONE KING IN 12 MOVES!

Special #1 (Old)

Necessary Offensive Positions: 4-29 (Mason Dixon Line) 5-32, 1-28, 12-30,  
3-21  
Lone King Limited to: 2-13, 31-20, 2-20

This is the secret set-up of "Petrov's Triangle",  
which makes it simple to capture the King,  
no matter whose move it is.

Indeed, the Black King moves 23-16 and the  
White King is caught on the following move.

The important thing is to secure the Mason-  
Dixon Line (the big diagonal) at all times. The  
other two Kings occupy the double line squares  
10 and 14, or 19 and 23. From this position  
the Pyramid wins. Try it.
